**TOO MANY EMAILS?**

It has come to our attention that every month members "unsubscribe" from the news letter.

Main reason "I get too many emails from you".

If this is you... is your setting on the Forum automatically sending you emails from postings on threads?

### **FIX IT**

Go to the forum Actions at top - Go to My Settings - Go to General Settings - Find on page Messaging & Notification - Finally change Default Thread Subscription Mode to your preference.

**This will not affect your subscription to the Newsletter!**

Default Thread Subscription Mode:

Instantly, using email ▼

When you post a new thread, or reply to a topic, you will be added to your list of [subscribed threads](#), with the option to unsubscribe from that thread.

### **DON'T LIKE HOT LINKS OR SHORT CUTS?**

Head to the MGO Forum at [www.migunowners.org](http://www.migunowners.org) where everything is posted and everyone is getting aware. Search for your topic in the top right corner.
